- The meeting was opened at 6:10pm by President Rutan.
- A pledge of allegiance to the flag and a moment of silence was observed.
- Treasury report was given by Don Storms. A motion was made to accept the report. The motion was approved.
- Bob reported that contractor credit hours should soon be allowed by the Electrical Contractors Board.
- Dave Menendez stated that the 10 hour code update course will be held on 7/28 & 7/30 with the 1 hour law requirement.
- It was reported that the new state electrical fees will soon be approved with an increase of 8 ½ to 10 cents.
- The Annual Section meeting will be held in October in Annapolis MD.
- A motion was made by Dave Menendez to place a full page ad in the Eastern Section program book for \$200. The motion carried.
- Roy Konwiser was appointed Nominating Committee Chairman for Officer Candidates for the next term.

The meeting was then turned over to Dave Brender from Copper Development Association. He spoke about the heating effect of direct sunlight on conductors over a roof. He explained how the tests were made and where the placement of the various conduits and cables were located. Tests were made on MC, PVC, Rigid and EMT. Roof colors were black, white, and grey. He stated that the roof elevations had little to do with internal temperature rise. We must use Table 310.15(b)(2)(6) for temperature rise and Table 310.1(B)(3)(c) for temperature adder. Meeting was adjourned at 8:00pm 23 Members president
